

Sprint #2 Report

iCook

weCook

07/18/23

Actions to stop doing:

- Stop pushing buggy code to main
- No inline styling

Actions to start doing:

- Use more branches & doing code review pull requests
- Consistent style guidelines
- Add more descriptive variable names

Actions to keep doing:

- Getting work done
- Punctual on tasks
- Announcing beginning/ending tasks
- Super specific tasks & breaking them down well

Work completed/not completed:

- User Story 2.1: (1 points) As a user, I want to edit components of recipes for future updates (completed)
- User Story 2.2: (5 points) As a user I want to search recipes so I can immediately find which recipes I want (completed)
- User Story 2.3: (5 points) As a user, I want to add pictures of recipes to remember what the final product would look like. (completed)
- User Story: 2.4: (3 points) As a user, I want my recipes to be stored in an application with an intuitive interface that is free of clutter (completed).
- User Story 2.5: (3 points) As a user, I want to tag (ex. lunch, dinner, vegetarian) in order to better organize them. (completed)

Work completion rate:

- User stories completed: 5 (17 points)
- Estimated Ideal Work Hours completed: 50
- Sprint Duration: 7 days
- Average working hours / day: 7.1
- Average stories / day: 0.7
