Team Working Agreement

(Definition of Done, Style Guide, etc)

Product Name: iCook

Team Name: WeCook

Revision Number: 1.0

Revision Date: 07/18/2023

Definitions of Done

- Generally bug free: Though casual interaction there are no prevalent bugs, errors, or warning
- Code reviewed by at least one other member and pushed to main
- Code is simplified, and well documented
- UI matches figma prototype

Style Guide

- Variable and function names have intuitive functionality
- Comment every function (parameters and returns) as well as important variables
- 2 space indents, try to stick to camelCase, ~80 chars a line
- Remove unnecessary comments & dead code
- Remove console.logs before pushing to main
- Don't repeat yourself (as much as possible)
- Sticks to naming conventions
- NO inline styles - import all styles from a stylesheet module (use global stylesheet for colors, etc)

General Agreements

- Do not push to main unless it's been reviewed by another team member
- Commit to the work you've been assigned and communicate when there are difficulties completing your tasks
- Attend standup meetings
- Do not complete tasks assigned to others without either collaborating or assigning the task to yourself
- Team player, supports teammates.
