Sprint #1 Report
iCook
weCook
07/11/23

Actions to stop doing:
- Stepping on each other's toes
  - redoing work that's already been done by others

Actions to start doing:
- Bring an HDMI cable so we can all see the TA on the screen.
- Meet before TA meeting to set up app demo (sorry)
- Subdivide User Stories into tasks in a more complete manner

Actions to keep doing:
- Commenting code in detail
- Announcing beginning & ending tasks in discord

Work completed/not completed:
- As a user, I want to be able to create a new entry for a new recipe with a section for ingredients so that I have access to all my recipes with information about their ingredients saved. (Completed)
- As a user, I want to save user recipes locally so I can access them on my device at any time. (Completed)
- As a user, I want to be able to view the recipes that I have created. (Completed)
- As a user, I want to be able to view an individual recipe that I have. (Completed)
- As a user, I want to delete recipes to get rid of ones I don't like (Completed)
- As a user, I want to add steps to recipes so that I can follow a process. (Completed)

Work completion rate:
- User stories completed: 5
- Estimated Ideal Work Hours completed: 82 hours
- Sprint Duration: 7 days
- Average working hours / day: 11.7 hours
- Average stories / day: 0.7 story per day
